JETLUMO · AIR CARGO CHARTER · WORLDWIDE

From one urgent pallet *to a full 747.*

Airbus and Boeing freighters and passenger aircraft for cargo, chartered when regular capacity is too slow or too full. One contact 24/7, options within hours, payment by card, bank transfer or crypto.

Aircraft

Boeing 737-800BCF Narrow-body freighter	≈ 23 t
Airbus A321P2F Narrow-body freighter	≈ 28 t
Boeing 767-300F Wide-body freighter	≈ 52 t
Airbus A330-200F / A330P2F Wide-body freighter	≈ 60 t
Boeing 777F Wide-body freighter	≈ 100 t
Boeing 747-400F / 747-8F Nose door, outsize cargo	≈ 110–130 t
Passenger aircraft for cargo Hold and, where approved, cabin	by type

Typical maximum payload, indicative. Confirmed with the operator for every flight.

What we move

- **Line-down and spare parts** — automotive, industrial, aerospace
- **Data centres and energy** — servers, GPU racks, switchgear, transformers, generators, cooling
- **Oversized and project cargo** — loading plans and permits arranged
- **Dangerous goods** — with operators approved for the class
- **Humanitarian and events** — relief goods, tour and show equipment
- **People with the cargo** — engineers by jet, group charter or Business Class, in the same order

What we need to quote

Route · ready date · total weight · pieces and dimensions · commodity · dangerous goods (UN number, class) · delivery deadline.
